
Tableau Projects Assignment 1

Problem Statement:

For many people, IPL is a festival. Their souls rejuvenate with the seasons of IPL. To do justice to these fans, you are required to analyse and tell the story of IPL data. The dataset is available in two ways either you can download it from kaggle or else from cricsheet Find key metrics and factors and show the meaningful relationships between attributes. Do your own research and come up with your findings.

Dataset:

You can find the dataset on the given link
